

ADMINISTRATOR'S REPORT

June 16, 2021 Edition

1). Personnel Update 1). The posting date for a FT replacement for Administrative Staff has passed (June 11) with over 213 resumes received. Staff has reviewed all of them and reduced the field to 36 and will further reduce the field to approximately 10 for interviews next week. 2). We have reached agreement with one candidate to work at the WWTP as FT Operator with a second candidate expected to confirm employment soon. 3). To date, 8 applications have been received for the Administrator position which closes on Monday June 21, 2021.

2). North Miller/SR 36-37 Right Turn Lane- The final lift of asphalt was laid today along with temporary striping. Thermo-seal and punch list items are all that remain after today.

3). SR 36/37 Flasher and Curb Up-date- The Street Crew has up-dated the signage and curb at the flasher on SR 37 Eastbound to address citizen concerns at the site. (see photos).

4). 660 S. Columbus St. Sewer Connection- All work in making the sewer connection to this address has been completed and is fully operational.

Respectfully submitted by Allen Rothermel
