Dear Employer,

On behalf of Gov. Mike DeWine and the Ohio Bureau of Workers' Compensation, I am pleased to share with you the enclosed check as part of our \$5 billion dividend for Ohio's private and public employers covered by the state insurance fund. As Gov. DeWine said when he announced the dividend in October, "This is about keeping businesses open and people employed."

This dividend, our third this year, was made possible by our investment returns, prudent fiscal management, and the good work of employers who pay their BWC premiums and look out for the health and safety of their employees. Please deposit your check as soon as possible, as it is only valid for 90 days. It is yours to spend as you wish, but we encourage you to invest in the health and safety of your most important asset - your people. (Please note: We first applied the dividend to any outstanding balance on your account.) As this is our third dividend this year, we also advise you to consult a tax advisor for any potential implications.

This dividend is approximately 372% of your premium for the 2019 policy year and reflects our promise to keep your workers' compensation costs as fair and low as possible. Please be assured the state insurance fund remains well positioned to support injured workers for years to come.

Finally, we encourage you to display the enclosed poster at your workplace to promote proper safety protocols as we work together to defeat this deadly pandemic. For answers to frequently asked questions about this dividend, please visit www.bwc.ohio.gov.

Wishing you every success,

John Logue, Interim BWC Administrator/CEO
