TOMMY HATFIELD
MAYOR

ROBERT E. HOWARD
CHIEF OF POLICE

Based on the most recent information available about the COVID-19 (Corona virus) and after lengthy discussions with Mayor Hatfield, the Sunbury Police Department will be making the following changes effective immediately (March 16, 2020) and lasting until at least April 15.

01: We have cancelled all civilian ride-along requests.

02: We will not be speaking with any large groups.

03: We have closed the public lobby downstairs other than to use the pill drop box.

04: All records requests will be handled electronically. This can be done on our website or by calling 740-965-3946.

05: Impounded vehicles can be recovered by calling 740-965-3946

06: Property and evidence in the possession of the Sunbury Police Department will not be released at this time. Exigent circumstances will be considered by calling 740-965-3946.

07: We will not be doing background checks for outside employment

08: We will be picking up found or abandoned property on a case by case situation.

09: Non-emergency calls for service will be handled over the telephone whenever possible.

By making these changes now, we hope to limit our employee's exposure to any illness and ensure we can continue to respond to all emergency calls as needed. The community's well-being is still our number one priority as we continue to work through this process together.

Thanks for your understanding,

Chief Robert Howard
Sunbury Police Department
